Rose Lewis Says She

She Attempted to Take
Her Own Life.

Despondent Over a Disappoint-
ment In Love.

Doctor and Stomach Pump Called
Into Execution.

A matter talked of quietly in police
circles Monday morning was the at-
tempt made by Mrs. Rose Lewis to
commit suicide.

Every effort was made by the
woman's friends to keep the matter
quiet, as it is thought she is mentally
unbalanced.

Mrs. Lewis lives in a room over
the grocery store of Samuel W. Hix-
son, 206 West Exchange st. Her
husband, George Lewis, died several
weeks ago. He used to conduct a
saloon at the corner of Buchtel ave.
and Main st., and it is said the Lewis
family for a large number of years
lived on a canal boat.

She acts queerly at times, and it is
told of her that she drinks quite a
good deal, becoming intoxicated oc-
casionaly.

Two weeks ago, a gentleman
friend of hers, while intoxicated,
proposed marriage to her, and the
story goes, was duly accepted. But
the man's friends interposed and
persuaded him to abandon the idea.
This he did, and Mrs. Lewis declared
her sorrow in terms many and forcible.

Last Wednesday she called at the
residence of Mary Daniels, near
Lock 1, and entering the house be-
gan acting strangely. She looked
bad, too, causing Mrs. Daniels to in-
quire what was wrong.

"Go outside, and you'll see," was
the only answer.

Mrs. Daniels saw a bottle and it
was discovered that its contents had
been laudanum. The woman became
sick and Dr. C. T. Hill was called. A
stomach pump was used and the
woman's life saved.

It is reported that she has since
remarked that she will complete the
job at the first opportunity.

ment of bonds for the amount issued.
The bonds, 600 in number, all of the
denomination of \$1,000, drawing 5
per cent interest, are dated Oct. 2,
1899. They are payable in gold 20
years hence. The money, which

IN CANADA

They Are Prosperous

And They Have Neither
Hanna or McKinley.

Democratic Club Meeting
Wednesday Night.

Seventy-five Attended Repub-
lican Mass Meeting.

Laboring Men Will Hear Address of
John McBride.

Hon. Chas. R. Grant, who has re-
turned home from a four weeks' tour
through the principal cities and pro-
vinces of Canada, in conversation
with a DEMOCRAT reporter Monday
evening, briefly discussed the condi-
tions of that country in comparison
with the United States, as follows:

"I found the people contented,
happy and prosperous—at least, to an
equal degree with us. The crops
were good, the skies bright, the dew
refreshing, the sunshine warm and
pleasant, the people employed,
money plenty; and, strange as it
may seem, all these blessings have
been vouchsafed to our neighbors of
the Dominion, although the Al-
mighty seems to have denied them
the inestimable American gifts of
McKinley and Mark Hanna.

"How these two facts are to be
reconciled to each other is a mys-
tery almost as great as that of how
the Republican party of Ohio stands
upon the questions of the trusts and
Civil Service reform. The two are
almost as contradictory as are the
professions of the Columbus plat-
form, as compared with the practices
of the McKinley administration."

The Republican mass meeting held
at Market House hall Monday even-
ing, and addressed by Col. Geo. W.
Seiber and Hon. L. S. Ebricht, was
attended by 75 people, all of whom
were enthusiastic in applauding
the remarks of the speakers. The
chairman of the meeting
was M. D. Buckman. A
quartet, composed of Prof. N. L.
Glover, J. W. Little, W. C. Findley
and E. F. Carl, sang several selec-
tions, the most popular of which
seemed to be "We'll Vote For Nash
and Col. Seiber."

Both addresses were delivered in
an eloquent manner, the main thread
running through each being "Stand
by the Administration." Col.
Seiber's talk was very general in
character, as was also that of Dr.
Ebricht.

The doctor lamented that there is
"too much politics in the
country and not enough busi-
ness." He wants to see politics
in the background and business pre-
dominant. He complimented the
individual Democrat for the part he
has always played like a man in aid-
ing his country in time of war and
when his services were most needed.

The Summit County Young Men's
Prohibition club at last night's meet-
ing completed arrangements for the
meeting Friday night in Assembly
hall. Rev. Geo. M. Hammel of Cin-
cinnati will be the chief orator.

The Democratic meetings this

"MOTHER'S NOTIONS"

Good for Young People to Follow.

"My little grandson often comes
up to show me how large the muscles
of his arms are."

"He was a delicate child, but has
developed into a strong, healthy boy
and Postum Cereal Food Coffee has
been the principal factor."

"I was induced to give him the
Postum coffee because of my own
experience with it."

"I am sixty years old, and have
been a victim of nervous dyspepsia
for many years. Have tried all sorts
of patent medicines and had treat-
ment from many physicians, but no
permanent relief came. I believe
nervous dyspepsia suffer more than
other sick people, as they are affected
mentally as well as physically."

"I used to read the Postum Cereal
advertisements every week in our
paper. At first I gave but little at-
tention to them, thinking it was a
fraud like so many I had tried, but
finally something was said in one of
the advertisements that made me
conclude to try it. I was very par-
ticular to have it prepared strictly
according to directions, and use good
rich cream. It was very nice indeed,
and about bedtime I said to the
members of the family that I be-
lieved I felt better. One of them
laughed and said: 'That's another
of mother's notions,' but the notion
has not left me yet."

"I continued to improve right
along after leaving off coffee and
taking Postum Cereal Food Coffee,
and now after three years' use I feel
so well that I am almost young
again. I know Postum was the
cause of the change in my health
and I cannot say too much in its
favor. I wish I could persuade all
nervous people to use it. I have no
objections to your using my name, if
it will do good to even one sufferer."

At 4:20 Monday afternoon the de-

alarm that M. O'Neil & company's

tinguish a small swamp fire on prop-

of the Akron Lumber company.

A false alarm was sent in from box
48 at 5 o'clock and at 5:30 No. 4 was
dispatched to the Erie yards near
McGov st. to extinguish a fire burn-
ing in a pile of slag and coke.

A run was made Tuesday morning

Buchtel College Boys Have

Ruhlin and Jeffords Tonight—Local
Sporting News.

A crowd of about two hundred and
fifty enthusiastic Simms admirers
attended the Simms-Dennison bout
at the Rockport Athletic club last
night.

While the train and street car
service were good, the Akron crowd
reached the arena only just in time
to get seated for the opening round.
As Simms appeared in the ring he
received quite an ovation from his
many admirers. As the men stripped
for action Simms showed up taller
but more slender than his opponent,
Dennison, and the referee announced
that on weighing the men Simms
was considerably over weight, weigh-
ing about 130 pounds.

At the call of time both men came
cautiously to the center of the ring,
sparring very carefully for an open-
ing. Dennison suddenly led a
straight left for Simms' stomach,
which landed lightly. No effective
blows were struck in this round,
each man seeming to take the mea-
sure of the other.

As time was called for the second
round Simms went right after his
man, who acted mainly on the de-
fensive. In this round Simms, in
his anxiety to get at Dennison, land-
ed several blows in what appeared
to the crowd to be a clinch, and there
were loud cries of "foul" and hisses
from all parts of the house. The
referee did not allow the claim, how-
ever, as it was very apparent to
those near the ring side that the
blows were not struck in a clinch,
but immediately after the men sepa-
rated. The referee cautioned the
men at this point to be more careful
about hitting in clinches, and Simms'
subsequent clean work won the ap-
plause of the crowd. The work in
the second round was very fast, and
in this round Dennison landed his
only effective blow in the contest—a
clean straight left on Simms' jaw,
which, however, only brought a
smile from the Akron boy. During
a mix up Simms landed a straight
left on the chin, followed by a right
to the body, which put Dennison to
the floor. He took the limit to rise
and was weak when he reached his
feet. Simms again assumed the ag-
gressive and the gong saved Denni-
son.

In the third round the men lost no
time in preliminary sparring but
came together at once with Simms
on the aggressive, following his man
all over the ring. The men repeated-
ly clinched and did very little long
range work. Simms constantly
landed the right to the body, with an
occasional left to the head, and after
about a minute and a half of fighting
Simms caught Dennison on the point
of the jaw with a straight left. Den-
nison's knees seemed to give way,
and he sank rather than fell to the
floor, and was counted out.

It was a clean cut and decisive
victory for the Akron boy. Denni-
son fought well and landed fre-
quently, but his blows lacked force
and seemed to have no effect on
Simms. Both men were in good
condition, although Simms had the
appearance of being slightly over-
trained, but there was no indication
of it in his work. Many comments
were heard at the ringside on Simms
as a coming light weight. The Ak-
ron crowd were very demonstrative
during the entire fight and cheered

cision. It was reported that a cer-
tain Akron saloonkeeper, claiming
to be a friend of Simms and who is
very familiar with his style of fight-
ing, went to Dennison's dressing
room before the fight and instructed
Dennison and his seconds on Simms'
style of fighting. The report reached
Simms and he was very indignant

FAMILY

Walked From Cleveland
to Akron Monday.

Father, Mother and Three Children
Given Lodging in City Prison.

A family—father, mother and three
little children—was given lodging at
the city prison Monday night.

The husband and father gave his
name as Robert Sergeant, and
claimed the family had left Buffalo
for the purpose of finding his brother
in Cleveland, arriving in that city
Tuesday. The brother could not be
found, and the family had no money,
so on Friday morning it started out
with the apparent intention of beat-
ing its way to Chicago.

Monday afternoon at 1 o'clock the
family reached Akron and applied
at the residence of Frederick Mustill
near Lock 16 for something to eat
and were fed. The family wandered
about until night time and then
called upon Prisonkeeper Washer
for lodging. They were assigned to
a private cell and spent the night
there, during their visit being well
fed and cared for by Mr. Washer.
